About E-LASS

Established in 2013, The **European network for lightweight applications at sea** (E-LASS) gather stakeholders interested in lightweight design for the maritime industry. The aim is to create an organization where exchange of information and knowledge becomes easy and natural. The commitment to initiate collaboration with other networks is in line with this aim.

E-LASS

E-LASS

With more than 300 members and a regular participation of around 80-100 attendees at each event, E-LASS (The European network for lightweight applications at sea) gather stakeholders interested in lightweight design for the maritime industry.

Through annual seminars and industrial tours around Europe, E-LASS represents a unique lightweight arena in the maritime sector.

E-LASS is completely free of charge, enabling information to flow freely and collaborations to happen. In order for us to keep it this way, we welcome potential sponsors at all of our events to make sure that the quality remains high while keeping memberships and information free.

Take a look below and find out exactly which benefits you would get by sponsoring an E-LASS event.
